Teachers use ICT-enabled tools including online resources for effective teaching and learning

Online 'Academic Forum Lecture' is conducted every Wednesday afternoon.

Faculty members undertake research for states/UTs and guide students to present papers at regional/national level seminars.

The student's feedback and Work report from the faculty members is taken through Google Form.

Feedback for assessment of Performance of Students during School Internship is planned to be taken from the Heads/Principals of Cooperating Schools.

ICT enabled tools which also include online resources for effective teaching and learning used by the teachers are as follows:

- Microteaching in practice.
- Use of ICT in the teaching-learning process.
- Students are encouraged to use the latest technology such as LCD projectors, the internet, smart boards, and electronic podium in the teaching-learning process.
- Students are given the opportunity to use the e-learning center and studio for developing & recording their lesson plans.
- Institution Library is fully digitized.
